BUSINESS FOCUS
Integrated Construction & Engineering Solutions

COMPANY PROFILE

Building solutions. Connecting expertise.

Hwa Rong Holding Company is a Saudi Arabia-based company providing integrated construction and engineering solutions across multiple sectors.

With a focus on quality, efficiency, and sustainable development, the company brings together project execution capabilities and specialized technical expertise to serve the evolving needs of the Saudi market.

SA Riyadh-based.
Serving the Saudi market.

We are committed to delivering reliable solutions through professional execution, technical collaboration, and a long-term approach to business development.

OUR BUSINESS PHILOSOPHY

Global operation

Quality and efficiency oriented operation

Sustainable development goals

East China Campus PV Project, Medina

OUR VISION & MISSION

What drives our work.

OUR VISION

V

To become a trusted provider of integrated construction and engineering solutions in Saudi Arabia and the wider region.

OUR MISSION

M

To deliver quality-driven projects and practical engineering solutions through professional teams, reliable partnerships, and efficient project management.

OUR VALUES

- **Quality**
- **Integrity**
- **Efficiency**
- **Innovation**
- **Collaboration**
- **Sustainability**

WHY HWA RONG

- ✓ Established in 2015
- ✓ Riyadh-based headquarters
- ✓ Experience in solar and infrastructure projects
- ✓ Focus on quality, efficiency, and sustainable development
- ✓ Registered capital of SAR 30 million
- ✓ Integrated construction and engineering capabilities
- ✓ Specialized technical cooperation

OFFICIALS AND WORKERS — SUPPORTED BY INTEGRATED PARTNERS

300+	100+	50+	120+
Self-employed workers	Self-employed electricians	Engineers & QA/QC	Chinese technical management backbone

Skilled labor and technical support are provided together with long-term partner companies; personnel can be increased according to the needs of the project site.

WHAT WE DELIVER

Our core business categories.

BUILDING THE FOUNDATIONS

Construction & Infrastructure

We deliver construction and infrastructure services for commercial, industrial, residential, and energy-related projects, covering site preparation, civil works, building construction, and project execution.

- Building Construction
- Roads, Bridges & Utilities
- Residential & Government Buildings
- Interior Fit-Out & Finishing
- Site Preparation & Development
- Civil & Infrastructure Works
- Industrial & Commercial Projects
- MEP Works
- Renovation & Maintenance
- Temporary Facilities & Project Support

POWERING THE TRANSITION

Energy & Renewable Energy

We support renewable energy and power-related projects, with a focus on solar PV installation, electrical works, and integrated energy solutions for utility-scale, commercial, and industrial applications.

- Solar Power Plants
- Rooftop Solar Systems
- Battery Energy Storage Systems (BESS)
- Renewable Energy Solutions
- Solar PV Module Installation
- Solar Panel Installation
- Commercial & Industrial Solar Solutions
- Power Generation & Distribution
- Energy Efficiency & Management Systems
- Electrical Works for Energy Projects

ENGINEERING EXPERTISE

Design & Engineering

We provide engineering coordination, technical support, design-related services, and project management solutions, working with qualified professionals and specialized partners where required.

- ✓ Architectural & Structural Design
- ✓ Mechanical & Electrical Design
- ✓ Interior & Landscape Design
- ✓ BIM, CAD & 3D Modelling
- ✓ Project Management & Supervision
- ✓ Civil Engineering Design
- ✓ MEP Design
- ✓ Solar & Renewable Energy System Design
- ✓ Engineering Consultancy
- ✓ Quantity Surveying & Cost Estimation

OUR APPROACH

From coordination to delivery.

We follow a coordinated approach that brings together project planning, technical expertise, execution, and specialized partners to support project requirements from initial coordination through delivery.

01 — Project coordination
Aligning scope, schedule and stakeholders from the initial stage.

02 — Technical expertise
Applying engineering knowledge to each project requirement.

03 — Project execution
Organizing teams, materials and site works around the agreed scope.

04 — Quality focus
Checking work and materials against technical requirements.

05 — Partner collaboration
Bringing in specialized partners where a project needs them.

CORE CATEGORIES — HWA RONG

- Construction & Infrastructure
- Energy & Renewable Energy
- Design & Engineering

HWA RONG Holding
Project coordination

STRATEGIC PARTNERS

- NGS — Technology, IT & ELV
- ANYIDA FUTURE — Cold chain & refrigeration
- UD DESIGN / QUAMA — Interior, fit-out & woodwork

SELECTED PROJECTS

Experience on the ground.

Hwa Rong's project experience includes construction, solar PV installation, electrical works, site development, and temporary facilities across Saudi Arabia.

#	PROJECT & SCOPE	LOCATION	YEAR	CONTRACT VALUE
01	**Afif 1 – 2400MW Solar PV IPP Project** 600MW MV electrical works and 600MW PV module installation.	Afif	2026	**SAR 33.90 Million**
02	**Afif 1 – 2400MW MVPS & Grounding Project** 2400MW MVPS and grounding works for the Afif 1 Solar PV Independent Power Plant.	Afif	2026	**SAR 15.99 Million**
03	**Afif 2 – 2400MW Solar PV IPP Project** 340MW solar PV module installation works.	Afif	2026	**SAR 9.80 Million**
04	**2GW PV Project** 400MW general contracting, including leveling, piling, electrical works, PV module and box inverter installation, and grounding.	Hafr Al-Batin	2025	**SAR 57.863 Million**
05	**Rabigh Phase II – 300MW Project** 100MW LV electrical works and PV module installation.	Jeddah	2025	**SAR 11 Million**
06	**East China Campus PV Project** 1,100MW PV module installation.	Medina	2024	**SAR 11 Million**
07	**SEPCO III Temporary Camp** Temporary camp construction for Power China SEPCO III, including temporary buildings, utilities, roads, and site facilities.	Turayf	2019	**SAR 15 Million**
08	**SAAD2 PV Project** PV electrical and construction works, including 550MW of electrical works and 250MW of construction works.	Riyadh	2024	**SAR 51 Million**
09	**Alshubach PV Project** 100MW LV electrical works and PV module installation.	Jeddah	2023	**SAR 54 Million**
10	**Alshubach PV Project – Procurement & Temporary Construction** Project procurement and temporary construction, including site buildings, roads and facilities.	Jeddah	2020	**SAR 17.168 Million**
11	**Alshubah PV Project – Gezhouba Subcontract** 200MW electrical works and 200MW module installation for China Energy Construction Gezhouba.	Jeddah	2023	**SAR 20.21 Million**

SPECIALIZED TECHNICAL COOPERATION

Stronger together.

Specialized technical partners support Hwa Rong project delivery across technology & ELV, cold chain, and interiors & furniture.

TECHNOLOGY, IT & ELV

NGS

Saudi Next Generation Solutions Company · Established 2020 · 200+ employees · Riyadh · Jeddah · Dammam

NGS provides specialized capabilities in communications engineering, IT infrastructure, system integration, cybersecurity, data centers, and related technical solutions. Through cooperation with NGS, Hwa Rong can support projects requiring advanced technology and integrated engineering expertise.

- ✓ Communications Engineering
- ✓ Cybersecurity
- ✓ IT Infrastructure
- ✓ Network and System Integration
- ✓ Data Center Solutions
- ✓ Smart and Technical Systems

COLD CHAIN & REFRIGERATION

ANYIDA FUTURE

Anyida Future Refrigeration Equipment Co., Ltd. · Saudi manufacturing in Al-Kharj Industrial City · China-based manufacturing capability · Custom solutions & technical support

Anyida Future specializes in cold chain and refrigeration solutions, including cold storage facilities, insulated panels, refrigeration equipment, and related engineering services, from R&D and design to manufacturing, installation and maintenance. Through this cooperation, Hwa Rong supports cold chain requirements across commercial and industrial sectors.

- ✓ Cold Storage Facilities
- ✓ PIR / PUR Insulated Panels
- ✓ Refrigerated Truck Bodies
- ✓ Refrigeration Systems
- ✓ Industrial Chillers
- ✓ Installation and Maintenance

INTERIOR, FIT-OUT & WOODWORK

UD DESIGN / QUAMA

Hospitality furniture, interior solutions & custom woodwork · Established 2006 · 2,000+ employees · 100+ designers · 300+ patents

UD Design / Quama provides hospitality furniture, interior solutions and custom woodwork. Established in 2006, the partner has more than 15 years of furniture manufacturing experience, three production bases with approximately 600,000 m² of combined construction area, and more than 300 five-star hotel furniture supply projects.

- ✓ Guest Room Furniture
- ✓ Restaurant & Café Furniture
- ✓ Feature & Decorative Woodwork
- ✓ Lobby & Reception Furniture
- ✓ Lounge Furniture
- ✓ Interior Design & Fit-Out

Partner information is based on each partner's profile; partner experience is not presented as Hwa Rong's own project record.

HWA RONG HOLDING COMPANY
